MOVEMENT

Hello Dear Readers

Welcome to a new dawn, a new season and a new move. With the ongoing pandemic that is ravaging the world, there is a feeling that the world has literally turned on its head. In most conversations both in the public space and in private, there is a new phrase that often comes up and that is that "this is the new normal". Looking inward, we realise that the main thing driving the "new normal" is fear.

At the turn of July, I felt that fear has literally stopped everyone from reaching or even trying to achieve some of the goals they had set for 2020. You see, many speak of depression, lethargy and an unwillingness to step out. Not knowing what the future holds, it has been a most unusual time. It really has been a time of fear. There is a popular saying that "FEAR is False Evidence Appearing Real". To overcome fear, especially in this season, we must approach it pointedly and this requires facing your fears by getting fearless!

I started the GET FEARLESS.ME™ movement as an encouragement to us ladies to step out of every limitation set on us by society, family or even ourself and soar. It is even more pertinent now as we are trying to figure out what shape life takes as we go through this trying period.

THIS IS THE

TIME

to actually do the things

you have always dreamed of

NO LIMITS!

The **GET FEARLESS.ME™** movement has a Logo that speaks to us;

You are a queen! The most important piece on a chessboard, break out of fear and reach for the stars.

**No Limits, No Boundaries, No Ceilings
Just you and your dreams coming alive!!**

It has an active website that has:

YOU OWN WAY!

Despite the challenges that come with the times, lets Get Fearless! Do not allow circumstances or the seeming lack of support from friends, family, or dependents to weigh you down. Face your fears, and in your action and declarations do not let the fear of the unknown stop you in your tracks.

There are increasing cases of job losses, underemployment and unpleasant career choices being made due to the challenges faced by economies as result of the prevailing circumstances caused by the pandemic. However, get fearless in confronting these unpleasant conditions and never let fear get in the way of you achieving your dreams.

In taking practical steps to get fearless, acquire the requisite knowledge required to face those challenges that have constantly been a source of worry for you, and seek opportunities to grow in courage. The world is there for the taking.

My earnest desire is that you

GET FEARLESS BRAVE THE ODDS AND KEEP MOVING
